

Deliberazione n° 1191

adottata dal Direttore Generale in data 29 OTT. 2012

Oggetto: invio in aggiornamento professionale obbligatorio del dipendente dr. Francesco Achena al workshop dal titolo “Basic Course - The Modern Sinonasal Surgery”. Varese 8 – 10 aprile 2013.

Su proposta del Responsabile Ufficio Formazione e Qualità, il quale:

- Premesso** che il Direttore dell’U.O. di Otorinolaringoiatria di Iglesias, dr. Francesco Achena, ha chiesto l’autorizzazione per l’invio in aggiornamento professionale obbligatorio per la partecipazione al workshop dal titolo “Basic Course – The modern sinonasal surgery”, che si svolgerà a Varese dall’8 al 10 aprile 2013 secondo il programma allegato alla presente deliberazione;
- Rilevato** che la partecipazione al citato evento formativo comporta una quota di iscrizione pari a € 900,00 nonché una spesa complessiva presunta per le spese accessorie (viaggio, vitto e alloggio) pari a € 450,00;
- Preso atto** che il Comitato Tecnico Scientifico, riunitosi in data 24 settembre 2012, ha espresso parere positivo sulla richiesta di aggiornamento obbligatorio in oggetto;
- Dato atto** che il corso, che si svolgerà in lingua inglese, è aperto ad un numero limitato di partecipanti provenienti da tutta Europa e che pertanto risulta necessario provvedere all’iscrizione con largo anticipo;
- Ritenuto** di dovere disporre l’invio in aggiornamento professionale obbligatorio del dipendente dr. Francesco Achena per la partecipazione al corso di formazione in argomento;
- Ritenuto** di poter anticipare il 75% delle spese presunte rimborsabili, pari ad € 337,50 a favore del dipendente sopra citato;

IL DIRETTORE GENERALE

Preso atto dell’istruttoria svolta dal Responsabile dell’Ufficio Formazione e Qualità
Sentiti i pareri favorevoli del Direttore amministrativo e del Direttore sanitario

REGIONE AUTONOMA DELLA SARDEGNA
ASL n° 7 Carbonia

DELIBERA

per i motivi esposti in premessa:

1. di disporre l'invio in aggiornamento professionale obbligatorio del dipendente dr. Francesco Achena, finalizzato alla partecipazione al workshop dal titolo "Basic Course - The Modern Sinonasal Surgery", che si svolgerà a Varese dall'8 al 10 aprile 2013 secondo il programma allegato alla presente deliberazione;
2. di delegare al Servizio Bilancio il pagamento della quota di iscrizione al corso, dandone successiva comunicazione all'Ufficio Formazione e Qualità;
3. di delegare all'Ufficio Cassa Economale del P.O. CTO di Iglesias l'anticipazione del 75% delle spese presunte rimborsabili, per un importo pari a € 337,50, a favore del dr. Francesco Achena;
4. di demandare al Servizio del Personale la liquidazione ed il pagamento, nelle competenze stipendiali, delle spese sostenute, autorizzate e regolarmente documentate dal citato dipendente, detratti gli importi anticipati dalla Cassa Economale;
5. di affidare al dr. Francesco Achena il compito di trasmettere all'Ufficio Formazione e Qualità l'attestato di partecipazione e una relazione scientifica contenente la sintesi del programma del corso, gli obiettivi formativi e le modalità di applicazione nel servizio di competenza;
6. di imputare la spesa complessiva presunta di € 1.350,00 sul Codice centro di rilevazione n° 10531501 (Otorinolaringoiatria Iglesias);
7. di movimentare l'importo di € 900,00 sul conto n° 0506030205 (spese per corsi di formazione) e l'importo presunto di € 450,00 sul conto n° 0510010701 (rimborsi spese personale per la formazione).

CME Credits

CME credits have been assigned by the Italian Ministry of Health. A final test is required to get the credits.

Didactic materials

Didactic materials will be given at registration

The modern sinonasal surgery

In the past years endoscopic endonasal techniques have undergone significant advances. Indeed, it is now possible to say that the nose and paranasal sinuses have changed from just a potential site of various diseases to a natural surgical corridor toward hidden and deeper anatomical structures. Furthermore,

the ability to resect and reconstruct skull base defects has dramatically improved, thus making endoscopic techniques a valuable tool for skull base surgeons. Given the ever expanding surgical possibilities, a continuous improvement of anatomical knowledge is mandatory. However, to think that the apex has already been reached would be erroneous. For this reason, we have designed a course specifically dedicated to advanced anatomy around the nose, including intraorbital and infratemporal endoscopic anatomy. The "traditional" endoscopic approach to the ventral skull base (transcribriform, transsphenoidal and transclival windows) will be integrated with recent advancements in intraorbital and infra temporal fossa anatomy. Our goal is to produce a holistic vision of the different surgical windows made possible using the nasal corridor. Anatomical and radiological lectures, intensive anatomical dissection under strict supervision and clinical cases discussion represent the key points of this advanced yet practical course. A movie-

Insurance

Organizers do not accept responsibility for individual medical, travel or personal expenses. Registrants are strongly advised to take out their own personal insurance policies.

Refund Policy

Cancellation received within the registration deadline (30 days before the beginning of the course): 80% refund. Cancellation received beyond the registration deadline: no refund.

The name of the participants can be changed within one week prior to the course.

Cancellation policy

In the unusual circumstance that the meeting is cancelled, two weeks notice will be given and tuition will be refunded in full.

The Organizers are not responsible for any airfare, hotel or other costs incurred.

With the support of

guided dissection perfectly represents our didactic philosophy based on a "step-by-step" approach. The face-to-face relationship between the faculty and participants makes this course an important starting point for all specialists who want to explore the fascinating field of endoscopic skull base surgery. The new anatomic training centre offers an ideal site for this experience. While the task may be challenging, it is extremely exciting. We hope that participants will help us to reach our goal.

Prof. Paolo Castelnovo

Registration

The course is limited to 12 participants.

Course program

FIRST DAY

07:00 – Registration of participants

07:15 – Surgical anatomy of the sinonasal complex

08:15 – Clinical case presentation

08:30 – Live surgery & debate

13:00 – **LUNCH**

13:45 – Live surgery & debate

15:30 – Imaging: what rhinologists must know

16:00 – Getting oriented into the infective aspects of rhinosinusitis

16:30 – **COFFEE BREAK**

16:45 – Medical and surgical treatment of inflammatory disease

17:30 – Longitudinal management of CRS with or without nasal polyps

18:00 – Is septoplasty really trivial? Aesthetic implications in nasal septum surgery

18:30 – Panel discussion

SECOND DAY

07:15 – Personalized surgical training

08:15 – Clinical case presentation

08:30 – Live surgery & debate

13:00 – **LUNCH**

13:45 – Live surgery & debate

15:30 – Sinusal mucoceles, pneumosinus dilatans & silent sinus syndrome

16:00 – Treatment of sinonasal mycosis

16:15 – New technologies in sinonasal surgery
